Over 30% of Massachusetts' Budget is Funded by Federal Dollars.

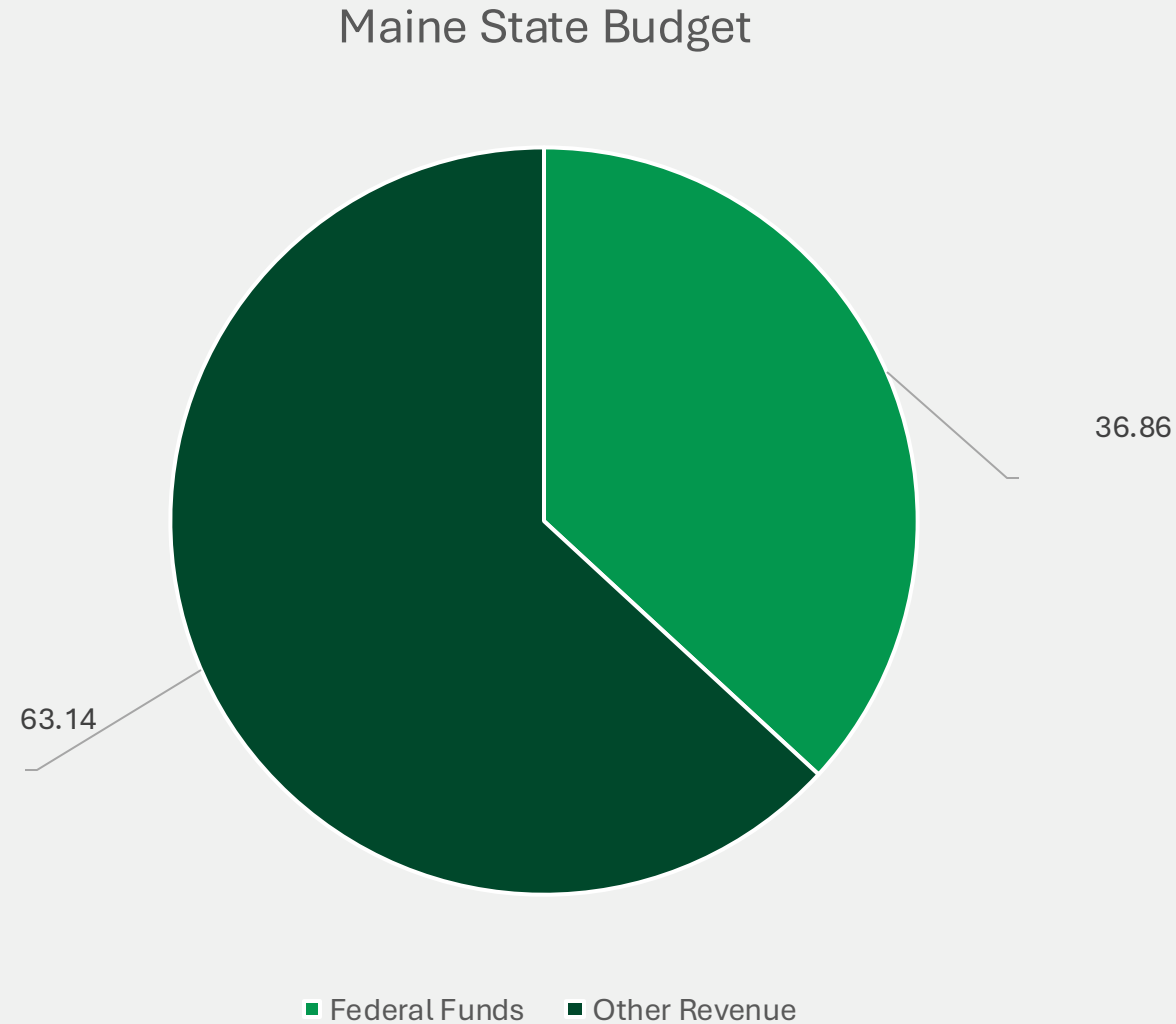

Almost 40% of New Hampshire's State Budget is Funded by Federal Dollars.

Over 1/3 of Vermont's State Budget is Funded by Federal Dollars.

Over 1/3 of Maine's State Budget is Funded by Federal Dollars.

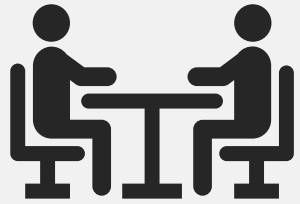

The Message: Tough Choices Ahead

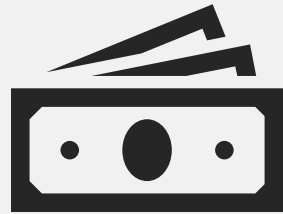

- Anti-worker politicians are gutting budgets for public services, all to give trillions to billionaires in tax breaks
- Medicaid cuts will devastate seniors and people with disabilities. Children and families will go hungry from SNAP and TANF cuts.
- States and cities will be forced to choose what to fund; all public services will feel the effects via tough negotiations, or possible layoffs or privatization.
